

**MULCHING
MADE EASY**

EASY. EFFICIENT. EFFECTIVE.

**FOR THOSE WHO VALUE THEIR
TIME AND PROPERTY**

Put your skid steer or compact track loader to work clearing brush and trees with Diamond Mowers' new **DRUM MULCHER DC PRO**.

The latest addition to Diamond's industry-leading drum lineup, this streamlined, versatile, easy to operate and maintain attachment delivers a new level of mulching performance for **loaders up to 75hp**.

LOADERS UP TO
75 HP

**LEARN
MORE**

**HIGH TORQUE
PISTON MOTOR**

- High-torque hydraulic motor that delivers fast spool-up time and class-leading productivity
- Kevlar-stranded polychain belt ensures long life and maximum power transmission
- More torque to power through larger material

**RUGGED & EFFICIENT
CHASSIS DESIGN**

- Positions the center of gravity close to the loader for optimal stability
- Robust bearings with proven anti-wire guarding and rotor relationship minimizes stalling
- Motor positioned to guard against impact

SPECS

- CUT CAPACITY: **8"**
- AVAILABLE CUTTING WIDTH: **50"**
- TOTAL WEIGHT: **1,350 LBS**
- FLOW RATING: **16 - 30 GPM**
- COMPATIBILITY: **UP TO 75 HP LOADERS**

50" CUTTING WIDTH

HIGH TORQUE 63 CC 2-SPEED BENT-AXIS PISTON MOTOR FOR FAST SPOOL UP TIME AND PRODUCTIVITY

EFFICIENT DESIGN POSITIONS THE CENTER OF GRAVITY CLOSE TO THE LOADER FOR OPTIMAL STABILITY

AR400 SKID SHOES FOR LONG LIFE

STANDARD CHAIN GUARD CONTAINS THE MULCH FOR A CLEANER WORK SITE

Minimum 1/2" thick polycarbonate operator protection required. Some applications may require additional protection.

ROBUST, MULTI-POSITION PUSH BAR WITH EXTENDED SERRATIONS FOR INDUSTRY-LEADING MATERIAL CONTROL

DEPTH CONTROL RINGS TO CONTROL BITE SIZE PLUS EXCLUSIVE **TWIN CHISEL® PLANER TEETH** MAKES FINE MULCH QUICKLY AND EFFICIENTLY
**Additional teeth options available.*

SERRATIONS ON THE LEADING EDGE ALLOW THE OPERATOR TO MANIPULATE DOWNED MATERIAL

OPTIMIZED THROAT PUSHES LARGER MATERIAL INTO TEETH, CREATING MULCH IN FRONT AND INSIDE PROCESSING CHAMBER
